Subject: Tribal exposure workshop

Hi Ginny,

I think that was a good idea today to have a workshop introducing EPA, ARC and others to tribal exposure scenarios and issues.

We would be happy to listen in on a tribal exposure workshop also, depending on timing and other schedules.

I would also like to introduce you to two AML staff (you heard me introduce them on the call today), Angela Stevens and Jonathan Zittel.

They are both providing additional support for the Anaconda Mine Site, as well as other AML projects and program responsibilities.

Depending on schedules, one, two or all three of us would like to participate,

Whenever you put something together let us know.

Happy New Year!

Jeryl
